July 1

If you want the chance to visit the San Francisco Exposition, join the United States Navy before July 1.

If you want a good job where you can save nearly every cent of your pay; if you want to learn a high wage trade, eat good food, sleep in a good bed, have easy hours—join the United States Navy before July 1.

The sooner you investigate the better your chances. The Navy Department's plans have never been more interesting. Find out the details; also what navy training will do for you.

You can learn one of 50 different mechanical pursuits in the navy and be in a position to earn fine pay when you come out. If you remain in the service you can work up from \$17.66 a month as landsman to \$77 as chief petty officer, all clear money. On after seven years' service you can work up to warrant officer at \$1,500 to \$2,400. After thirty years' service you can spend the rest of your life in comfort on your savings and three-quariters pay pension.

Does your present job promise you such things? Join the navy before July 1. If you get into the Atlantic squadron you will probably spend this winter seeing famous foreign cities strange people, curious customs you have read about all your life. You may take part in one of the greatest events in world history—the opening of the Panama Canal—perhaps be on one of the first ships to pass from sea to sea. After these two big events will come a visit to San Francisco and the great exposition. All this without a cent of travel expense—bigger, finer trip than many wealthy people could afford to take

the great exposition. All this without a cent of travel expense—bigger, finer trip than many wealthy people could afford to take

Meanwhile you can be getting into superb physical condition, improving your mind, putting yourself in line for promotion and an absolutely certain future, or preparing yourself for a successful battle with the world when you leave the navy. Do not let any one tell you that navy life is hard. On the contrary, it is the biggest, most interesting life a young man can get outside of a course at college.

Call at the NAVY RECRUITING STATION, Allison Building, East Main and Eighth Street, Richmond, Va., as soon as you finish reading this, and ask the enlisted men there about their experiences. Or write us for the interesting free booklet, "The Making of a Man-o'-Warsman." Tells all about life on the big United States battle-ships, with fullest information as to your pay, hours, promotion, etc. Simple language, clear photos. ARE YOU BETWEEN 17 AND 25, ambitious, active and healthy, but dissatisfied with the uncertainty of changing from one job to another and not getting anywhere?

Then find out something about the navy, not only as a business proposition, but as a valuable training and as a job you'll like and want to stick to. Find out about the good pay, regular promotion, incentive to save money, easy hours, healthy life, practical training, chances to learn a trade or follow one you already know; to see something of the world. If you possess some trade you may enlist if under 35. Call at NAVY RECRUITING STATION, Allison Building, East Main and Eighth Street, Richmond, Va., and get the real facts from officers there.
